

Weekend Grammar Workshop

Basil Paterson's weekend grammar workshop is an intensive, 2-day course aimed at pre-CELTA and recently qualified English language teachers. Its aim is to raise language awareness, increase familiarity with terminology and build confidence with grammar.

Working in small groups with an experienced trainer, you will cover essential areas of grammar such as tenses, modality, conditionals, comparative & superlatives and verb patterns. The workshop also includes aspects of language teaching methodology, using an interactive activity-based approach.

Your trainer will provide advice and suggest further resources for continued language awareness development. By the end of the two-day course, you will have a better understanding of English grammar and the tools for further self-study.
